註：1.「農家」係指一般家庭從事農作物之栽培，家畜、家禽及蜂、蠶之飼養等生產事業，且合乎農業普查農牧戶標準者(不含全年休廢耕者)。

2.行政院主計總處家庭收支調查的農家所得由於抽樣設計並非針對農家，且農家樣本數有限，應用時需考量抽樣誤差。

Note：1.Farm Household refers to the Household engaged in Agriculture and met the Agricultural Censuses Standard, which excluded the fallow or uncultivated farm households.

2.The sampling frame for farm household income collected in Family Income and Expenditure Survey is general family households, not farm households. Please be cautious when applying the figures and be aware of small sample size and sampling error.
